

## The YeeHaa Boys 2010

Following on from their headlining performances on New Years Eve at the Paramatta Stadium and the 2010 Tamworth Music festival the YeeHaa Boys are again back in the studio recording.

The Boys are recording tracks for their new Album which will have a slightly more of a rock feel to their songs. The Album is being produced by Steve Balbi (Noiseworks, Electric Hippys) and engineered by Tony Hall at Sydney's prestigious Studio 301. This new offering promises to deliver a sound that will have you all rockin' in the aisles.

The Boys are off again to Asia next month for another run of Gigs through Malaysia, Singapore and Indonesia, before returning to Australia to perform some more gigs and to release their new single "Yippy yi ya" and also to film their new Music Video.

The Boys have now firmly established themselves as Australia's premier Country Rock & Roll band. Collectively they have had 4 number one & top ten singles, multiple platinum albums and played live to millions of people around Australia and

And don't forget to keep an eye out for the **YeeHaa Boys** on Channel Nine's Kerri-Anne show in the mornings to see them performing "Yipp yi ya"
